JULY FOURTH

The canvas for funds for the celebration of Independence Day proceeds slowly but sure the less surely, and a determined battle will be made this week to complete the canvas. Our people should take a decided interest in this movement and lend a hand.

We go to press somewhat earlier this week so that our help may observe Memorial Day.

West Rockport is entertaining, wants the electric railroad and will probably get it.

Paul is a Loan & Building Association, a branch of the Granite State, like the Camden and Thomaston-Warren Associations.

Lewiston's City Government appropriates \$1000 for a Fourth of July celebration. Rockland's City Fathers should appropriate \$500 at least.

The editor of the Wiscasset Echo has recently been afflicted in the loss of his two oldest children. He has the sympathy of the fraternity in his trouble.

Louisville, Ky., has had another cyclonic visit and a number of residents are searching for the missing roofs of their houses. Louisville is such a handsome city that we don't blame cyclones from wanting to see the town.

Princess Kallie of Spain says that people in this country needn't kiss her hand, since it is not an American custom. People in this country don't as a general thing feel like worshipping a hand unless it has four eyes in it.

The millennium must be near at hand. The Rockland Ulcer, for the second or third time in its unfortunate history, made its appearance last Friday without slandering some one. We hasten to make the above acknowledgment. Honor where honor is due!

There is an evident revival about town in the matter of improvement of premises, landscape embellishment and adornment, and it is a revival that has the C. O. G.'s hearty benediction. A few dollars spent in beautifying one's premises will afford several hundred dollars' worth of satisfaction.

A Bearport philosopher in the Belfast Journal thus soliloquizes, and his remarks have quite a sound. Twenty years ago last Wednesday, Bearport voted against a railroad. Since then three wealthy corporations have declined to begin operations here after learning we had no railroad facilities. We are paying as high a tax as we should to have built the road. Property is rapidly decreasing in value. Evidently for once Bearport made a mistake.

The latest advance brochure ever issued in this state is the Maine Central's latest, which is published in the form of a map of Maine and an excellent one. The map forms the first page and all the interior leaves are cut in outline of the state and are filled with illustrations and interesting reading matter concerning this good old commonwealth. It is an ingenious, attractive, useful publication and our state can but be greatly benefited thereby. On the title page we find the following:

"The Summer State of Maine, written by Holmes A. Waldron, illustrated by Harry D. Young, published by Harrie B. Coe, press of Rand Avery Supply Co., Concord by H. B. Coe and E. C. Tobey."

TWENTY TWO YEARS.

And One Office Occupied in All That Extent of Time.

C. G. McMill, who has sold his well-known insurance business to Messrs. Barney, Rice and Bird, has conducted the insurance business in this city 22 years, and occupied the same office, over A. Smith's store, all that time. The first company he represented was the Market of New York. He informs us that rates at that time were about twice what they are now.

EXPRESS ETCHINGS.

A Branch Office in This City—Sent Down to Bar Harbor.

The American Express Co. has established a branch office in this city at the store of K. M. Perry, North-end, where one of the company's teams will call twice a day. This will be a great convenience for the company's patrons in the northern part of our city. C. N. Harrington, the enterprising and efficient Rockland manager, is responsible for this enterprising move.

FRATERNITY FACTS.

Knights of Pythias Want a Uniformed Rank—Goat Hairs.

The members of Geo. Berry Lodge, K. P., are contemplating the formation of a Uniformed Rank. The matter will be brought up for discussion next Thursday evening.

Past Chancellor Oliver Otis of this city has been reappointed Deputy Grand Chancellor for the 18th district, jurisdiction of Maine, composed of Geo. Berry Lodge of Rockland, Georges River Lodge of Warren, Camden Lodge of Camden, and Launceston Lodge of Green's Landing, Deer Isle.

Rockland Encampment, I. O. O. F., had work up the Patriarchal Degree, Friday evening.

Knox District Lodge, I. O. O. F., met according to notice with George Valley Lodge, 162, at North Appleton, District Councilor L. B. Brewster of Chickawasco Lodge, Rockville, presiding. Ten Lodges were represented by 44 members as follows: Chickawasco, 5; Twombly, 1; Lily Pond, 3; Appleton, 7; Mirror Lake, 2; Hamilton, 4; Georges Valley, 17; Beech, 1; Mt. Willow, 1; Mt. Hope, 2; Progressive, 1. The District Degree was conferred upon six candidates. The report of the secretary gives the membership in Knox County to be 1198. The treasurer reported the cash on hand to be \$13.39. A new code of by laws was amended and adopted and plans were discussed concerning the work of the order in different localities. The next session will meet at Cushing, probably August 30.

SPORTING TOPICS.

Hareball Notes, Bicycle Records and General Amusement Notes.

Samuel Bryant and J. B. Greenhalgh went a-troutine, Thursday, and brought home a half dozen gold ones.

Al H. C. Robinson arrived Friday from M. S. C., Orono, to stop at home for a few days. He made the trip in seven hours, three-quarters of that time being devoted to dinner. The distance is 72 miles.

H. M. Brown's "E. W. Light" Baseball Club played the High School Club Saturday afternoon, and beat them by a score of 14 to 11. Chapies and Hall are battery for the throwers.

Steam yacht Day Dream, owned by the Point Lookout Club of Isle au Haut, laid up at Camden the past winter, is being overhauled, refitted with a new engine and holler and repainted.

The Belfast open the season with the Rocklands at Oakland this afternoon. It promises to be a splendid team and it is expected that an immense crowd will encourage the revival of hareball.

The Rockport Grammar School nine played an interesting game with a young nine made up of our High School building on the High School grounds, Friday. The latter won 30 to 20. The Rockport catcher did some excellent work.

An enthusiastic ball meeting was held in the office of Walker & Rose, Syndicate Block, Friday evening, and these officers chosen: Manager, Hudson D. Ames; Treasurer, Chas. M. Harrington; Captains, Horace L. Simpson and George Gray. Some twenty names were presented for players, and it is with no little satisfaction that we are able to announce Simpson and Gray as the battery for this season. The Rocklands' "bat home" games will be played on the new ground now being finished off at Oakland. The management of Oakland have kindly contributed the grounds and the labor of converting them into a suitable ball ground, and a subscription sufficient to defray the cost of erecting a fence will be raised. There was never better material for a game and never better prospects for good ball than the present season. At least one game a week will be played, and our people who like just a little pleasure with their work may have something to look forward to. Mr. Ames, the new manager, is one of our finest young men, and being interested in healthy sports, and affairs of the club will not suffer in his hands.

MEMORIAL DAY.

Impressive Sermon on Sunday—Today's Order of Exercises.

The 1893 Memorial services were opened Sunday with an able and eloquent sermon by Rev. John Pennington at the Freeville Baptist Church, Edwin Libby Post and allied organizations attending. The church was filled to overflowing, and the exercises were interspersed with excellent music by the regular church choir.

The program for today consists of the decoration of graves in the outlying cemeteries by the forenoon by details from Edwin Libby Post the procession to Sea View Cemetery at 1.30, address there by L. R. Campbell, eq., and oration in Farwell Opera House this evening by Rev. O. W. Bradley with music by the May Festival Choir.

Levi Turner, Jr., of Portland delivers the Memorial address at Southbay today. Rev. C. A. Rouband of St. Albans speaks in Gardner in the afternoon and Brunswick in the evening. Gen. J. P. Cilley of this city delivers the Memorial address in Bucksport today and Orono tomorrow.

FATAL ACCIDENT.

A telegram Monday night from Savannah, Ga., announced a fatal accident to Mr. Theodore Haskell of Deer Isle. He was in a small boat with his father and fell from aloft and struck his head on the rail of the vessel, killing him instantly. He was 28 years of age.

FOR BILIOUS AND NERVOUS DISORDERS.

No mineral water will produce the beneficial results that follow the taking of ONE or more of "Beecham's Pills" with a glass of water immediately on rising in the morning.

BEECHAM'S PILLS

PAINLESS EFFECTUAL

BEAUTIFULLY COATED.

IN MANY TOWNS where this wonderful medicine has been introduced, and given a fair trial, it has abolished the family medicine chest, and been found sufficient to cure nine-tenths of the ordinary complaints incident to humanity, and when diseases of months and years are thus removed or palliated in a few days, it is not surprising that Beecham's Pills should maintain their acknowledged popularity in both hemispheres. They cost only 25 cents, although the proverbial expression is that they are "worth a guinea a box," for one box will often times be the means of saving more than one guinea in doctor's bills. They

WORTH A GUINEA A BOX.

TASTELESS—SOLUBLE.

CURE SICK HEADACHE

What a world of misery is embodied in Sick Headache! Physical and mental anguish combined! Why! people suffer from this evil when they can free themselves from it permanently by the use of Beecham's Pills, which also cure

OBITUARY.

John Read, the civil engineer, who made the original survey of the Knox & Lincoln R. R., died in Lewiston last week at the age of 83 years.

The Bearport correspondent of the Belfast Journal has this to say regarding the recent death of W. A. Amos, a well-known citizen: "Mr. Amos was for several years in the photograph business in Bearport. Mrs. Smith will have the sympathy of many friends in town in her bereavement. All testify to the high esteem in which he was held. May the sympathy and love of relatives and friends help the wife and mother, bear the burden which has been so heavily laid on them."

Olive H., wife of Amos, died Saturday evening at her home on Berkeley Street. The funeral occurred yesterday afternoon at two p. m. Hecce! was a young lady of the highest character, and beloved in a widely extended circle of acquaintance and friends. Her terrible sufferings were borne with patience and courage. Saturday just preceding her death she regained her consciousness, bade her friends an affectionate farewell and in a most affecting manner sang several of her favorite hymns, seeming to enter into their spirit with a joy that bespoke her entrance even then into that other world where there would be no more suffering and no more parting forever.

The death of Capt. J. W. Maguire of Rockport occurred Saturday after a long sickness. Capt. Maguire commenced a sea-faring career in early life. At the outbreak of the war he received an appointment as Acting Master. He was in the frigate Putnam at the bombardment of the fort at Pensacola. He was appointed to the U. S. steamer South Carolina as executive and afterward commander, and was present at the bombardment of Fort Sumpter and other forts of that section. Afterwards he was appointed to the Mohawk, and the Ironclad Milwaukee, then to the Scoto, which was blown up by a torpedo at Mobile where he was wounded. The Scoto was afterward raised and Capt. Maguire brought her to Boston, where he was discharged Dec. 28, 1865. Capt. Maguire was a Mason and a member of the Methodist Church.

Mrs. Julia O. Wood, wife of Walter J. Wood of this city, died very unexpectedly Saturday at the age of 56. Her death occurred in the early part of the afternoon. She was a native of E. E. Gillette, who had come to assist in caring for her little grand-children who have been dangerously ill. Although neither strong nor well herself she did not hesitate about going on this errand of love and mercy. Within a few days she was attacked by nervous prostration and pneumonia. The best skill was exerted and the treatment was hastened on her during her brief illness, with seemingly favorable results. Suddenly, however, weakness of the heart developed, terminating in death Saturday noon. Deceased was possessed of a fine spirit, a most lovable disposition, and many excellent qualities which won for her the respect and affection of a large number of friends outside her family circle. Her loss will be deeply felt throughout our community. Besides her husband and a brother, her death will be mourned by four young people, who although not her own children received from her the love the tender care and wise nurture of truest motherhood. The remains of Mrs. Wood have been given to the stricken family in their own affliction. The remains were brought here today for burial. The funeral services will be held at her late residence, on Main Street at ten a. m., Wednesday.

Williams' Root Beer

Is a MODERN preparation of roots. Each bottle of Williams' Extract makes 5 gallons of Delicious Root Beer of "the kind that suits."

This is not only "just as good" as others, but far better. One trial will support this claim. Williams & Co., Portland, Me.

Horsford's

Ask your Physician about Horsford's Bread Preparation. It is a pure, healthful and nutritious powder, and supplies the system with the phosphates of which fine flour is deprived.

Well-bred watches

result from noble ancestry, early association, discipline, and natural selection. They are chosen by well-bred people, who prefer taste, elegance, and accurate time, rather than display and great expense. Expensive things are seldom the most stylish or satisfying. You will miss your train or your dinner quite as easy and often with a hundred-dollar watch, as with the new, quick-winding Waterbury, which is just as handsome, is genuine, and costs from \$15 down to \$4.

FOLKS AND THINGS.

A NEW PREMIUM BOOK.

We have secured a great bargain for our readers in the extensively advertised book "Folkways at Seaside." Joseph Allen's wife wrote it and she made a big hit with the job. Agents sell the book for \$2.50 and it's being sold now for that price. We offer the book in the original fine binding and beautifully illustrated by Oppen of Puck fame, as follows: Pay \$2 for THE C.G. one year and 30 cents extra and get the book, or pay \$1 for THE C.G. for two years and get the book free. If by mail send 25 cents for postage. Old or new subscribers are entitled to this book on same terms. Call and see a copy.

LAUREL LEAVES.

We have a few copies of Laurel Leaves on hand and subscribers can have their choice of the two books as long as they last.

The program included musical numbers by Miss Jennie Ingraham, Amy and Kitty Karl, Agnes Shaw, Mabel Hodgkins, Sadie Hall, Beale Lawry, Mrs. Geo. D. Hayden and L. G. March, with readings by Misses Adelaide M. Crocker, Elsie Hamilton, Lulu Crockett, and W. O. Fuller, Jr. The various selections were well received.

SUNDAY'S FIRE.

Good Work by the Department and Plenty of Water at Hand.

Fire was discovered in the Snow block corner of Spring and Main streets, Sunday morning about 7.15 o'clock. Miss M. S. Morrell, who had been making rooms in the block and also room in the block, called the fire department, and calling to Special Policeman Fred Larabee, had him open the front door, when he discovered the ball full of smoke and the blaze breaking through the ceiling. Promptly giving the alarm, the firemen found the fire had originated in the billiard room above and worked down through the floor, across the hallway between the floors and ceiling to the south side, up both sides between the walls and latting to the roof, in exactly the same way as the Wilson & White block fire. To prevent an explosion of super-heated air the roof was opened, and to prevent a repetition of the Wilson & White block fire the building was flooded, only the abundant amount of water available from the C. & R. Co.'s hydrants making that possible.

Miss Morrell saved her customers' dresses intact, packing them up before any possible damage could be done. She is now located in Dr. Cook's office in the Union Block, 212 Main street. A. W. Benson, who occupied the front of the second floor for his barber business, is now located in J. J. Yeazie's shoe shop, Myrtle street.

It is impossible to give at this time any approximate estimate of the damage wrought. W. O. Hewitt, dry goods, occupied the lower floor. He had an insurance of \$15,000 with Cochran, Baker & Cross.

Miss M. S. Morrell, insured for \$500 with Cochran, Baker & Cross.

J. E. Hanly, owner of billiard hall furniture, covered by insurance.

The building, owned by E. A. and W. M. Snow of Boston was insured for \$4000, with Edwin Sprague.

The fire was handled in fine shape by the department, and the supply of water was all that could be desired. The hard work for the fire to beat our efficient department and Mirror Lake.

THE 'LECTRICS.

West Rockport People In The Field—To Build to Thomaston.

A committee of enterprising West Rockport citizens had an interview with the electric railroad management last week, relative to the extension of the track from Rockland Highlands through Rockport, to the enterprising village near Mirror Lake. The distance is only 3.2 miles, and the route would be a most picturesque one. The railroad people have the matter under consideration.

The Rockland Highlands extension is so far completed that cars are being run over it.

The disagreement between the town of Thomaston and the management of the electric railroad has all been very satisfactorily adjusted, and the work of laying the rails of the extension of the electric from Rockland to Thomaston will commence Wednesday of this week. The road will run on the southern side of the new Thomaston Road to the Creek at Thomaston, thence up the northern side of the hill as far as Pine street, thence in the center of Main street to the Knox house, and have the road thus far completed by August; and next year to continue the road to the State Prison and beyond.

CARD OF THANKS.

The teacher and pupils of the East Meadow School wish to extend their thanks to Messrs. J. J. Quinlan and James McNamara for their kindly proffered services at the recent day raising.

MISS M. S. MORRELL.

Has established her dress making rooms in Dr. Cook's office at 202 Main street, up stairs, and will be pleased to see all her customers. All the customers' dresses on hand at the time of the fire were safely removed, and will be delivered without delay.

Wise Saws and Modern Instances.

Statistics compiled for the census of 1890, show that the percentage of deaths from consumption, in the entire country, is 1.161 from cancer and tumors, 0.121 total, 1.14. The percentage for both, in the New England States is larger; that for consumption being 1.294; for cancer, etc., 0.084; total 1.033.

Modern pathologists agree that consumption is only one form of scrofula of which tubercle is the essential element. The tendency to scrofulous diseases is usually hereditary, though such diseases may be acquired through the action of various exciting causes, all of which may be classed together as "causes of debility."

Dr. M. I. Stevens, of Northport, Maine (Me.), was the victim of a remarkably malignant type of constitutional tuberculosis, originating from external causes. In the late spring or early summer of 1893 he began to suffer from pain in his left foot, attended with swelling and slight tenderness, resembling rheumatism. Despite skillful medical treatment he grew worse; and, in the following winter, a suspicious-looking swelling appeared upon his left temple. He finally sought relief at the Massachusetts General Hospital, undergoing an examination by the board of surgeons of that institution April 7, 1896. They pronounced his disease to be constitutional tuberculosis, stating that amputation of the affected foot and the opening of all existing abscesses and of others as they should, from time to time, appear, were necessary for the prolongation of his life and afforded some hope for permanent recovery. Almost preferring death to such mutilation, Mr. Stevens returned home and put himself in the hands of a local physician who recommended a course of remedies now known as Rodolf's New Medical Discovery and Rodolf's Cream Emulsion.

Thanks to their use, Mr. Stevens escaped the surgeon's knife and is now in good health with two good legs, abscesses all healed, and all tubercular action entirely arrested, and cured from his system. Letters, with stamps enclosed, relating his case, will be promptly answered by him. His post-office address is Belfast, Me., Box 414.

Rodolf's New Medical Discovery and New Cream Emulsion embrace the latest and best discoveries of modern science for the treatment and cure of Consumption, Scrofula, Tuberculosis, Cancer, Rheumatism and their predisposing causes. Try them and they will do you good.

PASTOR AND PULPIT.

A Lay Missionary Wanted—Arrival of the New Clergyman's Family.

Rev. Sewall Brown of Orltown has accepted a call to the Tenants' Harbor Baptist Church and will enter upon his duties there the second Sunday in June.

The Lincoln Baptist Association contemplates engaging Mr. Rice of Hancock County, a successful lay missionary, to work among the association's churches, a number of which are destitute of pastors.

Rev. C. W. Bradley's family arrived Wednesday from St. Johnsbury, Vt., and are now the guests of R. H. Cochran and family, corner Elm and Union streets. The family is considerably improved in health, and is very favorably impressed with our city and people.

Rev. J. P. Tilton, who preached in the Rockport Baptist Church Sunday of last week, at one time supplied the Baptist Church in South Thomaston. He is having the most gratifying success as pastor of the Belfast Baptist Church. The church edifice is being rebuilt as one of the results of his enterprise, and a new pipe organ is to be put in. He is a scholarly able young man, of high character and great talent and many friends in this county will rejoice at his success.

Combination Perfect

The predominating qualities of Flavoring Extracts should be of absolute purity, excellent flavor and superior strength. All of these elements are combined in a perfect degree in Dr. Price's Delicious Flavors; therefore if the housewife wants a complete cake, pudding or cream, she should make use of them. Those who want the very best flavorings are never disappointed in purchasing Dr. Price's Vanilla, Lemon, Orange, etc., which are as natural as the fruit from which they are extracted.

STATEMENT BY AN AUTHORITY

I use and recommend "Dr. Price's Delicious Flavoring Extracts" as the strongest and finest, and as giving the most desirable results in the manufacture of Ice Cream.

MRS. E. W. THURLOW,
Ice Cream Parlor, Oak St.

EXPERT TESTIMONY.

I have obtained the best results from the use of "Dr. Price's Flavoring Extracts," and think they are just what they are recommended to be, the strongest, the purest and of the most delicate flavor.

These were the choir of last year and their music on this occasion was very nice and greatly appreciated by the congregation. It seemed very natural to have them with us again.

The names of those who will graduate from the High School this year are: Carrie F. Norton, Laura Sanborn, Lottie Calderwood, Eva Noyes, Emma Glen, Bertha Glen, Pearl Kittredge, Llewellyn Vinal, Irving Fifehead, Charles Boman, William Melrose, George Calderwood, and William Davidson—seven girls and six boys. The exercises will occur Thursday, June 29.

The tax rate this year is 19-10 or \$19.40 on \$1000—the lowest rate in this town for a number of years past. And but for the fact of changing from the district to the town system of schools which necessitates the purchase of all school buildings by the town, the tax would be considerably less than last year. As a matter of fact though there will not be any material increase in tax on account of purchase of school buildings except in District No. 4. This district has a large valuation, but the school property is of small value, so that their returnable part of the money from sale of school buildings will be far less in proportion than other districts. No 4 needs a new school house and if their tax is higher than others this year they will be the gainer in the end, for when a new schoolhouse is erected (and it seems to us that one is needed now) the whole town will have to pay the bill. In other words, if District No 4 should get a \$1000 schoolhouse they would have to pay only \$1.13, or a little more than one-quarter of the whole.

MAN LOST.

Another Deer Island Vessel Lost and Sailor Drowned

Another Deer Isle vessel has been lost and with it one of the crew. The schooner Lantana, 38 tons burden, Capt. Eben Eaton, and a crew of two men, belonging in Deer Isle, the vessel being owned by S. G. Haskell of that place, from Green's Landing for New York with a cargo of cut stone, consigned to Booth Bros., encountered the storm Wednesday morning off Cape Cod and her cargo shifted and she became unmanageable.

An attempt was made to right her by shifting the cargo, but the stone was so heavy that this was impossible. The schooner killed Melnis was sighted, the colors were set, but the vessel suddenly lurched and went down, carrying one man. The rest of the crew jumped overboard. After they had struggled in the water a few minutes, the boat broke loose from the sinking schooner and came to the surface, when they got on the bottom and after being washed off several times and again regaining their hold, they were rescued by the Melnis in an exhausted condition. The drowned seaman was Myron Powers of North Deer Isle.

Tuesday last two men from Sch. Urania, while fishing in a dory some 80 miles south east of Mount Desert Rock, (the weather being foggy) missed their vessel and wandered about in the fog until sometime in the night, when they were picked up by a lobster smack and brought here Wednesday.

\$100 REWARD, \$100.

The owners of this paper will be pleased to say that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

COUNTY BANKS

Three New and Enterprising Banks in the County.

Rockland both have banks, while Thomaston can get up a creditable bank at short notice, and at Tenants' Harbor Mathews is doing good work.

There are also three new banks in the county—Wiley's Corner, Cushing and Seal Harbor, all of these having been organized within a year. These three banks are progressing under the instruction of R. G. Ingraham, leader of Ingraham's Band, this city, and Mr. Ingraham informs us that they are all making good progress. The Wiley's Corner Bank has eight members, Charles Watts being leader. It is made up mostly of young men, mostly Vinalhaven and Saturday evenings, and has already made a number of creditable public appearances. They have ordered new uniforms—blue with dark braid, and fatigue caps—very neat and nobby. They played in Rockland Memorial Day.

The Cushing Bank has eighteen members, A. R. Rivers being leader. They meet Tuesdays and Saturdays and have given concerts which won them great praise.

The Seal Harbor Bank is only about three months old. It has twenty-four members and rehearses Monday and Friday evenings. They have fine new instruments and will make a talented organization. They recently gave an out-door concert, which was highly appreciated.

Another new bank is contemplated at Clark's Island. There is excellent material there.

The Vinalhaven Bank, a well-known and talented organization, is re-organizing and will soon be in the field, while Washington has a most creditable organization.

ROCKPORT.

We notice a few dogs without collars. A section of concrete walk will be laid near Mr. Foster's house.

BOAT BUILDING.

Camden Artists Busily at Work—Loring's Two Yachts.

It is a busy place in J. R. Loring's Camden boat-shop and yard. He has just finished a sloop yacht 24 feet long for Mr. Homer, of Philadelphia, who owns a cottage at Islesboro. He has also just finished two new boats for J. M. Bennett of Camden, and four for Mr. Desert parties. He sent one tender to Boston last week, to be worked upon another, and several others ordered.

Ezra Bramhall, of Camden, is putting the finishing touches on the steam yacht "Stawaha," which is 33 feet long, the largest he has ever built. The wood work of the hull is finished, and the painting is nearly done. The deck finish, combing, seats and awning are in native wood of ash, walnut and pine. The engine was shipped May 6 by the Boston & Bangor steamboat line, but has been lying over on the freight house in Boston, on account of press of freight. She will be ready to launch about May 30, and is a handsome craft.

J. B. Loring, Rockland, is rapidly pushing his two Philadelphia yachts to completion. They will be fine ones.

H. M. Prince of Camden, as reported last week, has just completed a handsome 30-foot yacht for John D. Blake of Boston.

FISH STORIES.

Messrs. F. W. Wight, J. Fred Merrill, G. H. Wiggins, Joseph Greenhalgh, N. F. Cobb, H. N. Pierce, Raymond Pierce, Frank Norton, A. S. Buzzell and E. H. Clark went to Damariscotta Mills, the other day, and witnessed a catch of 240,000 alewives, 5000 barrels. The preceding day a catch of 340 barrels was made.

In This Column

next week, we shall publish particulars of a terrible experience during sixteen years of helpless suffering; the loss of all hope, and how the patient was restored to complete health by Brown's Sarsaparilla. Most remarkable cure ever known in the history of medicine.

Look For It Here!

Read Every Word! It will astonish you, but remember this:

WE WILL FORFEIT \$5,000

If the testimonial is not true in every way.

To the hopelessly sick and abandoned victims of Kidney, Liver, Blood, or Stomach Troubles, Brown's Sarsaparilla comes like the Angel of Health.

Brown's Sarsaparilla is incomparable as a spring medicine. Its searching and blood-cleansing qualities remove every taint of poison from the system.

"OUR FAMILY MEDICINE." Mrs. Phoebe M. Mosher, of Pittsfield, is well known in this community. She is the widow of the late S. H. Mosher, who was for many years Deputy Sheriff. She says:

"Brown's Sarsaparilla cured me of a very troublesome humor—the circulation of my blood was poor, and my body at times would swell to such a degree. I employed many different doctors without benefit. I most heartily recommend Brown's Sarsaparilla to all who are suffering with disease caused by impure blood. It is our family medicine."

Remember the genuine Brown's Sarsaparilla is made by ARA WILKES & Co., Boston, and their name is printed on the wrapper and blown in the bottle. Accept no substitute or imitation. Insist upon having the "Warren's Brown's Sarsaparilla." There is nothing "just as good."

SOLD BY ALL DEALERS. \$1.00 per bottle; six for \$5.00.
